

pure creative arts

intern program... discover your potential and develop your gifts

Be developed professionally with an opportunity to do a Post Graduate Certificate in Christian Leadership with Liverpool Hope University. This is a unique opportunity to work with Pure across the UK and within our headquarters and have the chance to enjoy weekly teaching from Pure's Director, Tamsin Evans and many other special guests.

"Having taken a year out of medicine to do the internship, I'm blown away whenever I look back at the last few months. The passion and enthusiasm of the other Pure team members has been infectious and instilled a sense of purpose and unity in me. Together with the one-on-one meeting times, the program has fostered a safe, exciting environment in which I have been able to grow as an individual, be equipped for God's purposes, and I am now amped for the future." **Dr Elikem Tamaklo**

"It has been a year of discovering myself, through output in my chosen area but also through the amazing input that I have received on a weekly basis. I have learnt more about God and who he has called me to be." **Jamie Ingram, Drama graduate**

Join Pure and discover more of the plan that God has for your life, while being part of a pioneering charity that is seeing God do amazing things across the UK – what better way to spend a year of your life?
